

In this section you will find a handful of bikes and equipment that we have picked out to be perfect for an overland journey in South America. All items whether it is motorcycles or equipment are of high quality, reliable, tough, light, versatile, and prepared for any kind of terrain you can face on our continent. That's what we expect of all of our equipment and that's what we are certain you will recognize once you've finished your journey. All motorcycles and gear guarantee complete satisfaction at an affordable rental price for your budget. We guarantee all of our items are high quality no older than two years and perfectly maintained.

We are open 7 days of the week, 365 days a year. Call us on 9496 2459 if you are in town and we can have a motorcycle ready for you within short time or email us on adventure@ride-chile.com for a booking.

Our rental program offer our guest's three types of rental categories for motorcycles and gear: "PER DAY", "PER WEEK" or "MONTHLY". The longer you rent, the better rental-price you get.
